**ADULT ACUTE HOME BASED TREATMENT
SERVICE SPECIFICATION
TIER THREE
MHA05A, MHA05B, MHA05C, MHA05D**

This tier three service specification for Adult Acute Home Based Treatment (the Service) is linked to tier one Mental Health and Addiction Specialist Services and tier two Adult Mental Health service specifications.

1. Service Definition

The Service will include an urgent response to a mental health crisis including: assessment, monitoring, co-ordination of services, treatment and support/advice to family/whānau/ carers.

Home-based intervention includes:

- assessment
- assessment/formulation/management and development of an immediate treatment and recovery plan
- 24-hour support and treatment in the home
- performance of all tasks necessary in relation to processes required under the Mental Health (Compulsory Assessment and Treatment) Act 1992 (including tasks of Duly Authorised Officer, assessing psychiatrist and responsible clinician)
- implementation of treatment (including risk assessment/formulation/management and recovery plans, including referral to other services for ongoing treatment
- engagement of family/whānau and carers for sharing of information, advice and support.

The Service will be mobile and able to be provided at the location of the crisis. Where necessary, the Service will arrange for, or provide, transport of the person to the nearest acute treatment facility.

People will be assessed as to appropriateness of acute home-based treatment.

Interventions will be appropriate to the age of the individual concerned, and will be no more restrictive than necessary in each situation.

Access to crisis respite services is facilitated through the crisis intervention service or agreed alternative mechanisms.

The Service is to be provided in partnership with Specialist Clinical Teams.

2. Service Objectives

To provide acute responsive services that are highly mobile and available in the service user's home setting as an appropriate alternative to a service in an acute inpatient hospital-based setting.

2.1 Māori Health

An overarching aim of the health and disability sector is the improvement of health outcomes and reduction of health inequalities for Māori. Health providers are expected to provide health services that will contribute to realising this aim. This may be achieved through mechanisms that facilitate Māori access to services, provision of appropriate pathways of care which might include, but are not limited to, matters such as referrals and discharge planning, ensuring that the services are culturally competent and that services are provided that meet the health needs of Māori. It is expected that, where appropriate,

there will be Māori participation in the decision making around, and delivery of, the Service.

3. Service Users

The Service users are eligible adults as detailed in the tier two Adult Mental Health service specification.

4. Access

4.1 Entry and Exit Criteria

Access to the Service may be via a triage process within the DHB Community Mental Health Team.

5. Service Components

5.1 Processes

The following processes apply but are not limited to: assessment, treatment, intervention and support, review process and discharge.

5.2 Settings

The Service is community based.

5.3 Key Inputs

The Service is provided by:

a multi-disciplinary team of people with skills and experience in mental health intervention, treatment and support, made up of:

- health professionals regulated by the Health Practitioners Competence Assurance Act 2003
- people regulated by a health or social service professional body
- people who interact with Service users and who are not subjected to regulatory requirements under legislation or by any other means.

Where appropriate, arrangements are made to ensure two clinicians attend a call out.

6. Service Linkages

Linkages include, but are not limited to those described in tier one Mental Health and Addiction Specialist Services and tier two Adult Mental Health service specifications.

7. Quality Requirements

The Service must comply with the Provider Quality Standards (PQS) described in the Operational Policy Framework (OPF) or, as applicable, Crown Funding Agreement Variations, contracts or service level agreements.
