However following comprehensive discussion it was agreed that in the event that a woman is the Chair our Kaumatua will support them in regard the female and male responsibility. 		
2.2	Private Members Bill	<ul style="list-style-type: none"> ▪ The bill goes to cabinet 1st week of March ▪ National and Maori party not supporting the Bill ▪ Phyllis sent the information to Tariana Turia office and a response was received advising that they would support the implementation of the bill. ▪ Consideration was given to the importance of this bill becoming legislation and agreed that Nga Purei members need to encourage individuals, and collectives lobbying of Anne Collier's and other politicians offices with recommendations to support this bill – we can't say "we didn't try". All approaches are valid ▪ Lobby as individual businesses – no time needs to be acted on now, process too long ▪ Lobby as individuals – difficult to get whanau support ▪ Phyllis will send the message via the National Forum networks 	 <p>Adobe Acrobat Document</p> <p><i>The Bill</i></p> <ul style="list-style-type: none"> ▪ Approach politicians in your region/locally ▪ Chair's to send letters to support the regions including Auckland 	<ul style="list-style-type: none"> ▪ All NPWR ▪ Norah / Phyllis

2.5	TDHB Maori MH Presentation	<ul style="list-style-type: none"> ▪ Eseta – influence Maori GMs to influence Planning & Funding GMs. <ul style="list-style-type: none"> ▪ Cultural Assessment Team (Kai Arahi) ▪ Started with a dream to produce a Maori driven service. (advocate and write the plan up) ▪ To develop the service so Maori are the first point of contact no matter where they are – Kaupapa was Whanau Ora driven and treaty was embedded in the practice. Other steps to embed in service practice was to integrate the model and not have a “power service”. ▪ Nursing staff did not talk about culture – The goal was to get senior staff and clinicians to understand cultural aspects.. that our knowledge was “equal” and no one was better. ▪ Psychiatrist don’t move without Kaiawhina they now ask for it.. “strived to get there” ▪ Kaiawhina go out with the crisis team 24/7 even if they are non maori and ascertain at site and take up their roles. When Maori see a familiar face they move in on those person/s and they open up easier to Maori <p>Models of Practice</p> <ul style="list-style-type: none"> ▪ (Non clinical) Struggle to understand some “Models of Practice” and how to apply these models ▪ A meeting was held in June 2009 to find/design a model that best suited and belonged specifically to their Rohe. The model was presented to Te Kupenga who have given their support and want to work with their whanau using something they belong to ▪ Hikurangi Model of Practice incorporates 5 Maunga in the Tairawhiiti area (please refer to embedded document) ▪ This model is generic to Maori – needs to belong to the Whakapapa of the people (iwi) ▪ Need to be careful not all models are suited to some hapu and can be taken out of context <p>Dianne</p> <ul style="list-style-type: none"> ▪ Dianne will be leaving her role and is very proud. Te Ao Maori is at DHB level, this mahi was done from aroha and acknowledgement to our tipuna. The history is powerful stuff and has been taught , none are myths but are real.
