| 2.0 | AGENDA ITEMS | | | |
| 2.1 | Presentation from each rohe Inquiry Visit | <ul style="list-style-type: none"> Lakes was the first DHB and set the format/tone; system broken, not OK for Maori, medical model/western ways, wider determinants, lack of consistency, nothing about "me" in this process. Seclusions; alternative healing methods; our emphasis really on mental health rather than addiction – we're not qualified. Identify champions in each rohe Takotonga submission; add-on of addiction with no personnel on addiction on the panel; others showing similar themes Te Rau Matatini gave excellent submission; concerns about funding streams; concerns about funders also being providers. How to protect kaupapa Maori services. Another commission? Needs to have teeth. Bay of Plenty DHB tried to push us in a certain direction; Tuhoe focussed on whaiora Tairawhiti similar themes; Whanau not as prepared as they could have been; | | |

Do we need to change our korero if we prioritise this group? We don't do this in whanau ▪ Large numbers of transgender under 25s in Midland. Who do they talk to, so could be useful ▪ Train to use safe language. Where is extra support? Our services should be able to treat individuals; training on diversity; ▪ Same as Kōpara add Workforce diversity training | <ul style="list-style-type: none"> ▪ Contact Diana Rands and Wayne Blisset | Steve |
